

PXT[®]2 1406 Series

The BG PXT[®]2 Performance Exchange[®] for Transmissions just got simplified. Here are some of the improvements included in the SN 1406 series:

- Merged functions of PLC, HMI, Drive Board in one Controller Board
- Greatly reduced harnesses with fewer devices to connect
- New menu and easy-to-use touch screen configured with pictograms for all functions to help eliminate the need for multiple languages

PXT[®]2, PN E100-2012

PXT[®]2 without adaptors, PN E100-1943

PXT[®]2 CE, PN E100-3896
